Abelo to acquire Three ATR 72-600 Aircraft on lease to Braathens

Dublin, Ireland – [26 June 2025] – Abelo, the dedicated turboprop aircraft lessor, is pleased to announce the acquisition of three 2015/2016-vintage ATR 72-600 aircraft from Bramora Ltd.

The aircraft, all on lease to Braathens Regional Airways in Sweden, introduce a new operator to the Abelo platform. Under its new strategy, Braathens now operates as a white-label ACMI operator, flying on behalf of carriers such as SAS and Austrian Airlines.

This transaction demonstrates Abelo's ability to execute strategic acquisitions under its new ownership by an affiliate of Cerberus Capital Management and follows the establishment of a \$750 million warehouse facility to support continued growth.

"We are delighted to welcome Braathens Regional Airways as a new operator to our platform," said Stephen Gorman, Chief Executive Officer of Abelo. "These aircraft represent a strong addition to our portfolio and reinforce our commitment to supporting high-quality regional operators across Europe."

Geir Stormorken, Chairman of Bramora Ltd, commented: "We are pleased to have concluded this sale with Abelo, whose approach has been pragmatic and professional throughout."

Two deliveries are completed in June with the third following in July 2025.

About Abelo:

Abelo is an Irish-based regional aircraft leasing platform specializing in turboprop aircraft dedicated to connecting communities and businesses in an economically and environmentally responsible manner. Larger turboprop aircraft are a very distinct category of aircraft within the regional sector and ecosystem, requiring a dedicated focus. Our core mission is to expedite the transition from older aircraft to the most advanced, low-emission technologies. We firmly believe that turboprops are the answer to this sustainability challenge.

About Bramora Ltd:

Malta-based Bramora Ltd is owned by Per G. Braathen, who is also the controlling private shareholder of Braathens.
