Abelo Aviation Announces Sale of 3 ATR to LXA Leasing
Release Date: 28th October 2026

Abelo is delighted to announce the successful sale of an ATR 42-500 (MSN561) and 2 ATR72-500 (MSN748 and MSN760) to LXA Leasing. This transaction marks the strong collaboration between both organisations throughout the process.

“We are very pleased to complete this transaction with LXA and are proud to support their continued growth and operations,” said Abelo CEO, Steve Gorman. “We look forward to working with LXA again on future opportunities and remain committed to delivering tailored aviation asset solutions while building long-term relationships across the aviation industry.”

“This transaction represents an important milestone for LXA and further demonstrates our ability to execute complex aviation asset acquisition. We appreciate the professionalism and support provided by the Abelo team throughout the process. ATR aircraft and PW100 engines remain strategic assets within the regional aviation ecosystem, and this acquisition strengthens our long-term commitment to supporting operators, lessors, MROs, and aviation partners worldwide.” Remi KRYS LXA COO.

About Abelo
Abelo is an Irish-based regional aircraft leasing platform specializing in turboprop aircraft dedicated to connecting communities and businesses in an economically and environmentally responsible manner. Larger turboprop aircraft are a very distinct category of aircraft within the regional sector and ecosystem, requiring a dedicated focus. Our core mission is to expedite the transition from older aircraft to the most advanced, low-emission technologies. We firmly believe that turboprops are the answer to this sustainability challenge.

About LXA Leasing

LXA is a global aviation asset management and leasing platform focused on regional aviation assets, including engines and APUs. With teams across North America, Europe and Asia, LXA provides flexible leasing, trading, acquisition and asset solutions to operators, OEMs, MROs and lessors. The company continues to expand its portfolio and technical capabilities to support the growing demand for regional aviation support services.
